The note below is from Dan Naiman regarding the mistake made in Tilcon's 2016 tonnage report:
We realized that we made an error in our recycling tonnages for 2016. Our report ran only asphalt tonnages and completely skipped concrete, brick block. To make up for it, I attached a report I ran with only concrete brick & block tonnages. **You can add this to the numbers I sent earlier to have your totals for 2016.** We are very sorry for the inconvenience and it won't happen again. Let me know if you have any questions.
