LISA P. JACKSON
Commissioner

JUN 5 2007

Larry Gindoff, Solid Waste Coordinator
Morris County Municipal Utilities Authority
P.O. Box 370
Mendham, NJ 07945-0370

Dear Mr. Gindoff:

The Department of Environmental Protection's (Department) Solid and Hazardous Waste Management Program is in receipt of a May 10, 2007 request for administrative action to the Morris County District Solid Waste Management Plan (County Plan). The subject request for administrative action proposes to modify the County Plan to include the Veolia ES Technical Solutions, LLC Transfer Station, located on Block 4500, Lot 37 at 1 Eden Lane in the Township of Mount Olive to also operate as a commercial collection facility for regulated medical waste. The May 10, 2007 request for administrative action to the County Plan does not change the subject facility's overall capacity, which is included in the facility's Solid Waste Facility Permit as 1,520 tons per year.

Pursuant to N.J.A.C. 7:26-6.11(b)12, the inclusion of a commercial collection facility for regulated medical waste can be accomplished via an administrative action. Therefore, the County Plan inclusion of the Veolia ES Technical Solutions, LLC Transfer Station as a commercial collection facility for regulated medical waste is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

This approval shall not be construed as an expression of the Department's intent to issue a Solid Waste Facility Permit or Permit Modification for any proposed facility or operation. If you have any questions relative to this matter, please contact Ross M. Hull of my staff at (609) 984-5936 or by e-mail at ross.hull@dep.state.nj.us.

Sincerely,

Guy J. Watson, Chief
Bureau of Recycling and Planning
