The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment. The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program, may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B, and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the

MORRIS COUNTY MUA

Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

(A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

(B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

(1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

(2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;

(3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

(4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;

(5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and nondiscrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;

(6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:

The contractor or subcontractor shall interview the referred minority or women worker.

If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

(7) To keep a complete and accurate record of all requests made for the referral of worker's in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

(C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or

MORRIS COUNTY MUA

arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA-201) electronically provided to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its website, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Dept. of LWD, Construction EEO Monitoring Program, and to the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the job programs for outreach and training of minorities and women.

(D) The contractor and its subcontractors shall furnish such reports or other documents to the Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of LWD, Construction EEO Monitoring Program from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Dept. of LWD, Construction EEO Monitoring Program for conducting a compliance investigation pursuant to N.J.A.C. 17:27-1.1 et seq.

Additional Mandatory Construction Contract Language

For State Agencies, Independent Authorities, Colleges and

Universities Only

Executive Order 51 (Corzine, August 28, 2009) and P.L.2009, c.335 include a provision which require all state agencies, independent authorities and colleges and universities to include additional mandatory equal employment and affirmative action language in its construction contracts.

It is important to note that this language is in addition to and does not replace the mandatory contract language and good faith efforts requirements for construction contracts required by N.J.A.C. 17:27-3.6, 3.7 and 3.8, also known as Exhibit B. The additional mandatory equal employment and affirmative action language is as follows:

It is the policy of the [Reporting Agency] that its contracts should create a workforce that reflects the diversity of the State of New Jersey. Therefore, contractors engaged by the [Reporting Agency] to perform under a construction contract shall put forth a good faith effort to engage in recruitment and employment practices that further the goal of fostering equal opportunities to minorities and women.

The contractor must demonstrate to the [Reporting Agency's] satisfaction that a good faith effort was made to ensure that minorities and women have been afforded equal opportunity to gain employment under the [Reporting Agency's] contract with the contractor. Payment may be withheld from a contractor's contract for failure to comply with these provisions.

Evidence of a "good faith effort" includes, but is not limited to:

1. The Contractor shall recruit prospective employees through the State Job bank website, managed by the Department of Labor and Workforce Development, available online at <http://NJ.gov/JobCentralNJ>;
2. The Contractor shall keep specific records of its efforts, including records of all individuals interviewed and hired, including the specific numbers of minorities and women;
3. The Contractor shall actively solicit and shall provide the [Reporting Agency] with proof of solicitations for employment, including but not limited to advertisements in general circulation media, professional service publications and electronic media; and
4. The Contractor shall provide evidence of efforts described at 2 above to the [Reporting Agency] no less frequently than once every 12 months.
5. The Contractor shall comply with the requirements set forth at N.J.A.C. 17:27-1.1 et seq.

B. INSPECTION OF WORK:

The Owner shall have the right to inspect all materials and work performed during any phase of construction and the Contractor shall provide all reasonable facilities and means for safe and convenient access for such inspection.

2. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract.

The Engineer shall promptly investigate the conditions. If he finds that such conditions do materially differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether or not changed as a result of such conditions, an equitable adjustment shall be made by the MCMUA and the contract modified in writing accordingly.

No claim of the Contractor under this clause shall be allowed unless the Contractor has given the notice required, except that the MCMUA may extend the prescribed time.

No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under this contract.

F. CLAIMS:

1. DETERMINATION BY ENGINEER: Questions regarding meaning and intent of the contract documents shall be referred by the Contractor in writing to the

MORRIS COUNTY MUA

General Information

Engineer for his decision. The Engineer shall respond to the Contractor in writing with his decision. If the Contractor disagrees with the Engineer's decision or considers that the decision requires extra work, he shall, within five calendar days, notify the Engineer in writing of the disagreement or of the claimed extra work involved and of the estimated cost of said work.

SECTION C – SPECIFICATIONS

C-1. SUBMITTALS

Where required by the specifications, the Contractor shall submit specified information which will enable the Engineer to determine whether the Contractor's proposed materials or equipment are in general conformance to the design concept and in compliance with the Specifications.

C-2. INFORMATION PROVIDED BY CONTRACTOR

Information required for constructing, testing, operating or maintaining parts of the work shall be provided by the Contractor when specified. Unless otherwise specified, such information shall be provided at the time the referenced material or equipment is delivered to the job site. Information provided shall be as specified and includes such items as shop drawings, erection drawings, reinforcing steel schedules, testing and adjusting instructions, operations manuals, maintenance procedures, parts lists and record drawings. Such information is to be provided as part of the work under this contract and its acceptability determined under normal inspection procedures.

SECTION D – MATERIAL, EQUIPMENT AND WORKMANSHIP

D-1. GENERAL QUALITY

Unless otherwise specifically stated in the contract documents, the Contractor shall provide and pay for materials, labor, tools, equipment, fuel, freight, transportation, supervision and temporary construction of any nature and other services and facilities of any nature, whatsoever necessary, to execute, complete and deliver the work within the specified time. Material and equipment to be incorporated into the work shall be new and of a quality equal to that specified. Equipment offered shall be current models which have been in successful regular operation under comparable conditions. This requirement does not apply to minor details, nor to thoroughly demonstrated improvements in design or in materials of construction. Construction work shall be executed in conformity with the standard practice of the trade. Equipment shall meet all OSHA, F.M. Standards and be U.L. listed.

D-2. QUALITY IN ABSENCE OF DETAILED SPECIFICATIONS

MORRIS COUNTY MUA

General Information

Where the contract requires that materials or equipment be provided or that construction work be performed and detailed specifications of such materials, equipment or construction work are not set forth, the Contractor shall perform the work using materials and equipment that meet the standards of the trade in quality and workmanship, obtained from reputable suppliers, and installed following standard practices for performance of construction work.

In cases where quality compliance of materials or equipment is not readily determinable through inspection, the Engineer shall request that the Contractor provide properly authenticated documents, certificates or other satisfactory proof of quality. These documents, certifications and proofs shall establish performance characteristics, materials of construction and the physical or chemical characteristics of materials.

D-3. DEFECTIVE WORK

A. CORRECTION OF DEFECTIVE WORK

When the Engineer determines through inspection or otherwise, that material, equipment or workmanship incorporated in the project do not meet the requirements of the contract, the Engineer shall give written notice of the non-compliance to the Contractor. Within five days from the receipt of such notice, the Contractor shall undertake the work necessary to correct the deficiencies, and to comply with the contract. Failure of the Contractor to correct defective work is grounds for the MCMUA to take any appropriate corrective action and deduct the cost from monies due the Contractor.

B. RETENTION OF DEFECTIVE WORK:

Prior to acceptance of the project, the MCMUA may, at its option, retain work which is not in compliance with the contract if the Engineer determines that such defective work is not of sufficient magnitude or importance to make the work dangerous or undesirable. The MCMUA also may retain defective work if in the opinion of the Engineer removal of such work is impractical or will create conditions which are dangerous or undesirable. Just and reasonable value for such defective work shall be judged by the MCMUA and appropriate deductions shall be made in the payments due or to become due the Contractor. Final acceptance shall not act as a waiver of the MCMUA's right to recover from the Contractor an amount representing the deduction for retention of defective work.

D-4. GUARANTEE

For a period of 365 calendar days commencing on the date of final acceptance of the work, the Contractor shall upon the receipt of notice in writing from the MCMUA, promptly make all repairs arising from defective materials, workmanship or equipment. The MCMUA is hereby authorized to make such repairs, if ten days after giving of such notice to the Contractor, the Contractor has failed to make or undertake the repairs with due diligence. In the case of an emergency, where, in the opinion of the MCMUA, delay could cause serious loss or damage,

MORRIS COUNTY MUA

General Information

repairs may be made without notice being sent to the Contractor and the expenses in connection therewith shall be charged against the Contractor's performance guarantee.

For the purpose of this paragraph, "acceptance of the work" shall mean the acceptance of the work or a portion of the work by the MCMUA, in accordance with Section F-4. "Acceptance of the work" shall not extinguish any covenant or agreement on the part of the Contractor to be performed or fulfilled under this contract which has not, in fact, been performed or fulfilled at the time of such acceptance. All covenants and agreements shall continue to be binding on the Contractor until they have been fulfilled.

The MCMUA and the Contractor agree that guarantee on the equipment possessed and used by the MCMUA shall commence on the date that the MCMUA takes possession of the equipment and so notifies the Contractor in writing. MCMUA and the Contractor further agree that such taking possession and use shall not be deemed as completion or acceptance of any part of the work. Takeover of equipment shall be at the MCMUA's option and will not be made until the equipment can be put into routine service on a permanent basis.

SECTION E – PROGRESS AND COMPLETION

E-1 CONTRACT TIME

A. GENERAL:

During periods when weather or other conditions are unfavorable for construction, the Contractor shall pursue only such portions of the work as shall not be damaged thereby. No portions of the work where acceptable quality or efficiency will be affected by unfavorable conditions shall be constructed while those conditions exist. It is expressly understood and agreed by and between the Contractor and the MCMUA that the contract time for completion of the work described herein is a reasonable time taking into consideration the average climatic and economic conditions and other factors prevailing in the locality of the work.

B. DELAYS:

1. NOTICE OF DELAYS: When the Contractor foresees a delay in the prosecution of the work and in any event immediately upon the occurrence of a delay which the Contractor regards as unavoidable, he shall notify the Owner in writing of the occurrence of such delay and its cause. The Contractor shall then take immediate steps to prevent continuance of the delay. If this cannot be done, the Owner shall determine how long the delay shall continue and to what extent the prosecution and completion of the work are being delayed thereby. He shall also determine whether the delay is to be considered avoidable or unavoidable and shall notify the Contractor of his determination. The Contractor agrees that no claim shall be made for delays which are not called to the attention of the Owner at the time of their occurrence.

MORRIS COUNTY MUA

General Information

2. **AVOIDABLE DELAYS:** Avoidable delays in the prosecution of the work shall include delays which could have been averted by the exercise of care, prudence, foresight and diligence on the part of the Contractor or his subcontractors.

3. **UNAVOIDABLE DELAYS:** Unavoidable delays in the prosecution or completion of the work shall include delays which result from causes beyond the control of the Contractor and which could not have been averted by the exercise of care, prudence, foresight and diligence on the part of the Contractor or his subcontractors. Delays in completion of the work of other contractors employed by the MCMUA will be considered unavoidable delays insofar as they interfere with the Contractor's completion of work.. Delays due to normal weather conditions shall not be regarded as unavoidable as the

Contractor agrees to plan his work with allowances for interference by normal weather conditions.

C. **EXTENSION OF TIME:**

1. **AVOIDABLE DELAYS:** In case the work is not completed in the time specified, including extension of time as may have been granted for unavoidable delays, the Contractor will be assessed damages for those costs incurred by the MCMUA which are attributable to the fact that the work was not completed on schedule.

The MCMUA may grant an extension of time for avoidable delay if it deems it in its best interest. If the MCMUA grants an extension of time for avoidable delay, the Contractor agrees to pay actual costs including charges for engineering inspection and administration as specified in Section A-6 incurred during the extension.

2. **UNAVOIDABLE DELAYS:** For delays which the Contractor considers to be unavoidable, he shall submit to the Owner complete information demonstrating the effect of the delay on the controlling operation in his construction schedule. The submission shall be made within 30 calendar days of the occurrence which is claimed to be responsible for the unavoidable delay. The Owner shall review the Contractor's submission and determine the number of days of unavoidable delay and the effect of such unavoidable delay on controlling operations of the work. The MCMUA agrees to grant an extension of time to the extent that unavoidable delays affect controlling operations in the construction schedule. During such extension of time, neither extra compensation or engineering inspection and administration nor damages for delay will be charged to the Contractor. It is understood and agreed by the Contractor and MCMUA that time extensions delay involve controlling operations which would prevent completion of the whole work within the specified contract time.

E-2 **SUSPENSION PROCEDURES**

The MCMUA may, at its convenience and at any time and without cause, suspend, delay or interrupt all or any part of the work for a period of not more than 90 days by notice in writing to the Contractor. The MCMUA shall fix the date on which the work shall be resumed. The work

MORRIS COUNTY MUA

General Information

shall be resumed by the Contractor within 10 days after receiving written notice from the MCMUA to do so. The Contractor will be allowed an increase in the contract price or an extension of contract time or both directly attributable to any suspension if he makes a claim therefore as provided in the paragraphs related to change of contract price and change of contract time.

E-3 USE OF COMPLETED PORTIONS OF THE WORK

The MCMUA shall have the right to take possession of and use completed or partially completed portions of the work notwithstanding the time for completing the work or such portions may not have expired. Such taking possession and use shall not be deemed as completion or acceptance of parts of the work. If such prior possession or use increases the cost of the work, the Contractor shall be entitled to claim for extra compensation within five calendar days of each occurrence. The amount of extra compensation shall be determined in accordance with the procedures given herein for determination of change order cost. The Contractor shall not claim extra compensation for possession of portions of the work specifically required by the contract.

SECTION F – MEASUREMENT AND PAYMENT

F-1 CHANGES IN THE WORK

The MCMUA may order extra work or make changes by altering, adding or deducting from the work without invalidating the Contract. All such work shall be executed under the conditions of the original Contract, except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change.

The value of such extra work shall be determined by one of the following means:

1. By estimate and acceptance in a lump sum, with a schedule of values.
2. By unit prices named in the Contract or subsequently agreed upon.
3. By cost and percentage or by cost plus a fixed fee.

It is understood that the MCMUA reserves the right to have any extra work done by any person, persons, or corporation other than the Contractor if an agreement upon the prices to paid for such extra work cannot be promptly reached between the MCMUA and the Contractor. The Contractor agrees to make no claim for damages or for any privileges or rights other than that provided in the Contract by reason of such work by others.

If the Contractor shall claim compensation for any alleged damages sustained by reason of acts of the MCMUA or its agents, the Contractor shall immediately notify the Owner so that a proper appraisal can be made. Within five (5) days thereafter, the Contractor shall submit to the Owner a written statement as to the nature of the damage and an itemized statement of the amount

MORRIS COUNTY MUA

General Information

claimed for such damage. No such claims shall be entitled to payment unless as hereinbefore specified.

F-2. EXTENSION OF TIME

The MCMUA shall have the right to defer the beginning or to suspend the whole or any part of the work herein specified to be done whenever, in the opinion of the Engineer, it may be necessary or expedient for the MCMUA so to do. And, if the Contractor be delayed in the completion of the work by any act or neglect of the MCMUA, or any other contractor employed by the MCMUA, or by changes in the work, or by strikes, lockouts, fire, unusual delay by carriers, unavoidable casualties, or any cause beyond the Contractor's control or by any cause which the Engineer shall decide to justify the delay, then for all such delays and suspensions, the Contractor shall be allowed one day additional to the time herein stated for each and every day of such delay so caused in the completion of the work, the same to be ascertained by the Engineer and a similar allowance of extra time will be made for such other delays as the Engineer may find to have been caused by the MCMUA. No such extension shall be made for any reason unless within ten (10) days after the beginning of such delay, a written request for additional time shall be filed with the Owner.

F-3. COMPENSATION TO MCMUA FOR TIME EXTENSION

The MCMUA, in exchange for granting an extension of time for avoidable delay, shall be compensated by the Contractor for the actual costs to the MCMUA of engineering, inspection, general supervision and overhead expenses which are directly chargeable to the work and which accrue during the period of such extension. The actual costs do not include charges for final inspection and preparation of the final estimate by the Owner.

F-4. ACCEPTANCE OF WORK.

Upon Completion of the work, or a portion thereof, the Contractor shall so notify the Engineer in writing. Upon receipt of the notification, the Engineer will promptly, by personal inspection, determine the actual status of the work in accordance with the terms of the contract. If he finds materials, equipment or workmanship which do not meet the terms of the contract, he shall prepare a punch list of such items and submit it to the Contractor. Following completion of the corrective work by the Contractor, the Engineer shall notify the MCMUA that the work has been completed in accordance with the Contract. Final determination of the acceptability shall be made by the MCMUA. Upon acceptance of the work, the MCMUA shall immediately file a notice of completion. The conditions of guarantee shall commence on the date that the MCMUA files a notice of completion.

From the information provided by the OWNER, unless otherwise specified in the contract documents, the CONTRACTOR shall develop and make all detail surveys needed for construction such as slope stakes, batter boards, stakes for pipe locations and other working points, lines, elevations and cut sheets.

MORRIS COUNTY MUA

Contract Agreement

The CONTRACTOR will erect and maintain, as required by the conditions and progress of the work, all necessary safeguards for safety and protections. The CONTRACTOR will notify OWNERS of adjacent utilities when prosecution of the work may affect them. The CONTRACTOR will remedy all damage, injury or loss to any property caused directly or indirectly, in whole or part, by the CONTRACTOR, any Subcontractor or anyone directly or indirectly employed by any of them or anyone whose acts any of them be liable, except damage or loss attributable to the fault of the contract documents or to the acts or omissions of the OWNER, the OWNER or anyone employed by either of them or anyone for whose acts either of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of the CONTRACTOR.

In emergencies affecting the safety of persons or the work or property at the site or adjacent thereto, the CONTRACTOR, without special instructions or authorization from the OWNER or OWNER, shall act to prevent threatened damage, injury or loss. The CONTRACTOR will give the OWNER prompt written notice of any significant changes in the work or deviations from the contract documents caused thereby and a change order shall thereupon be issued covering the changes and deviations involved.

- Supervision by CONTRACTOR

The CONTRACTOR will supervise and direct the work. He will be solely responsible for the means, methods, techniques, sequences and procedures of construction. The CONTRACTOR will employ and maintain on the work site a qualified supervisor or superintendent who shall have been designated in writing by the CONTRACTOR or the CONTRACTOR's representative at the site. The supervisor shall have full authority to act on behalf of the CONTRACTOR and all communications given to the supervisor shall be as binding as if given to the CONTRACTOR. The supervisor shall be present on the site at all times as required to perform adequate supervision and coordination of the work.

- Changes in work

The OWNER may at any time, as need arises, order changes within the scope of the work without invalidating the agreement. If such changes increase or decrease the amount due under the contract documents, or in the time required for performance of the work, an equitable adjustment shall be authorized by change order. Change order shall be used to adjust quantities of installed units which are different than those shown in the bid schedule because of final measurements. Final measurements shall not be considered changes in the work. Final measurements will determine compensation to the CONTRACTOR based on unit price shown in bid schedule.

The OWNER, also, may at any time, by issuing a field order, make changes in the details of the

MORRIS COUNTY MUA

Contract Agreement

work. The CONTRACTOR shall proceed with the performance of any changes in the work so ordered by the OWNER unless the CONTRACTOR believes that such field order entitles the CONTRACTOR to a change in contract price or time or both, in which event the CONTRACTOR shall give the OWNER written notice thereof within seven (7) days after the receipt of the ordered change. Thereafter the CONTRACTOR shall document the basis for the change in contract price or time within thirty (30) days. The CONTRACTOR shall not execute such changes pending the receipt of an executed change order or further instruction from the OWNER.

- Changes in contract price

The contract price may be changed only by a change order. The value of any work covered by a change order or any claim for increase or decrease in the contract price shall be determined by one or more of the following methods in the order of precedence listed below and in accord with N.J.A.C 5:34-1 et. seq.,

- Correction of work

The CONTRACTOR shall promptly remove from the premises all work rejected by the OWNER for failure to comply with the contract documents, whether incorporated in the construction or not, and the CONTRACTOR shall promptly replace and re-execute the work in accordance with the contract documents and without expense to the OWNER and shall bear the expense of making good all work of other CONTRACTORS destroyed or damaged by such removal or replacement.

All removal and replacement work shall be done at the CONTRACTOR's expense. If the CONTRACTOR does not take action to remove such rejected work within ten (10) days after receipt of written notice, the OWNER may remove such work and store the materials at the expense of the CONTRACTOR.

III. CONTRACT ADMINISTRATION

- Contract Documents

The Contract documents shall consist of the Bid Documents, Contract, drawings, Technical Specifications, General Conditions, General Information, and all modifications and addenda incorporated prior to execution of the Contract. All the documents are intended to supplement each other and together constitute a complete set of specifications.

The specifications are intended to require and include all work, equipment, and materials necessary for proper completion of the work contemplated. If in any case the specifications do not show, note or otherwise require some work, equipment or material necessary for that purpose, the CONTRACTOR shall, nevertheless, provide same to fulfill the true intent and

MORRIS COUNTY MUA

Contract Agreement

purpose of the specifications.

- Term of Contract

This Contract is based upon a contract term of one-year, and includes the ability to extend up to (2) consecutive one-year options to renew. The award of the two optional one-year extensions shall be exercisable at the sole discretion of the MCMUA. The term is considered to be extended unless the MCMUA provides written notice prior to the expiration of the first year term if it exercises its option to terminate or prior to the written notice prior to the expiration of the second year term if it exercises its option to terminate this contract. The duration of each term of the contract shall commence upon execution of the contract. Prices to be paid to the contractor for each of the two one-year extensions will be based on the price proposal for year one, as adjusted not to exceed the change in the index rate for the 12 months preceding the most recently quarterly calculation available at the time the contract is renewed, in accordance with Local Public Contracts Law (N.J.S.A. 40A:11-1 et. seq.).

- Inspection

The Qualified Purchasing Agent and the OWNER shall have the right to inspect all materials and work done during any phase of construction, fabrication, or manufacture. The CONTRACTOR shall furnish all reasonable facilities as an aid to the OWNER and safe and convenient means for the examination and inspection of any part of the work.

- Authority to Withhold Payment

The Qualified Purchasing Agent or the OWNER, because of subsequently discovered evidence, may cause to be withheld or cause to be nullified, the whole or a part of any payment to such extent as may be necessary to protect the MCMUA from loss because of:

- Defective work, materials or equipment not corrected; improper work performed; disapproved substitution of material or equipment specified.
- Claims filed or reasonable evidence indicating the probability of claims being filed.
- Failure of the CONTRACTOR to make payments properly to subcontractors or for material or labor.
- A reasonable doubt that the contract can be completed for the balance then unpaid.
- Damage to another contract, agency, governing body, corporation or person.

When the above grounds are removed, payment shall be made for amounts withheld because of them.

MORRIS COUNTY MUA

Contract Agreement

- Financial Procedures

Payment in full shall be made upon the completion of the contract requirements of the specifications. Partial payments shall be made if the required work or equipment can be completed in stages and if previously agreed to by the Qualified Purchasing Agent. All payments shall be approved by the MCMUA Board at their monthly meeting. Vouchers shall be submitted at least ten (10) days prior to this meeting for inclusion upon the agenda. Only properly executed MCMUA vouchers may be used for payments.

- Term of Contract – Liquidated Damages

The terms of this contract shall be completed within the time specified for completion of the work. The MCMUA reserves the right to extend this term of the contract upon application by the CONTRACTOR providing evidence of circumstances beyond the control of the CONTRACTOR preventing his successful completion of the contract.

In the case the CONTRACTOR shall fail to complete the work within the time fixed for such completion, or within the time to which such completion may have been extended, the CONTRACTOR shall pay to the MCMUA in the sum of five hundred (**\$500.00/ day**) dollars per day for each and every working day that the time consumed in completing the work exceeds the time allowed therefore; starting at twelve (12 o'clock) midnight of the date set for completion of the contract, which said sum, in view of the difficulty or accurately ascertaining the loss which the MCMUA will suffer by reason of delay in the completion of the work hereunder which is hereby fixed and agreed as the liquidated damages that the MCMUA will suffer by reason of such delay, and not as a penalty. The MCMUA will deduct and retain out of the monies, which may become due hereunder, the amount of any such liquidated damages.

The successful bidder/ CONTRACTOR shall not assign transfer, convey, sublet or otherwise dispose of any interest in this contract without the prior written consent of the MCMUA.

- Scope of work - MCMUA's option to reduce scope of work

(c) If the contracting unit determines that there are no differing site conditions present that would result in additional costs or delays, the contracting unit shall so advise the contractor, in writing, and the contractor shall resume performance of the contract, and shall be entitled to pursue a differing site conditions claim against the contracting unit for additional compensation or time attributable to the alleged differing site conditions.

The basis for any such price adjustment shall be the difference between the cost of performance of the work as planned at the time of contracting and the actual cost of such work as a result of its change in character, or as otherwise mutually agreed upon by the contractor and the contracting unit prior to the contractor performing the subject work.

- Notice to all CONTRACTORS set-off for State Tax Notice

Pursuant to L 1995, c. 159, effective January 1, 1996, and notwithstanding any provision of the law to the contrary, whenever any taxpayer, partnership or S corporation under contract to provide goods or services or construction projects to the State of New Jersey or its agencies or instrumentalities, including the legislative and judicial branches of State government, is entitled to payment for those goods or services at the same time a taxpayer, partner or shareholder of that entity is indebted for any State tax, the Director of the Division of Taxation shall seek to set off that taxpayer's or shareholder's share of the payment due the taxpayer, partnership, or S corporation.

The amount set off shall not allow for the deduction of any expenses or other deductions which might be attributable to the taxpayer, partner or shareholder subject to set-off under this act. - Billing cycles and Alternative Dispute Resolutions in accord with New Jersey Prompt Pay Law

Billing date – The “billing date” will be defined as the date upon which the bill was received by the MCMUA. If a fixed billing date is missed by the MCMUA the bill will be deferred to the next bill list cycle in accord with N.J.S.A 40A:5-17. All bills are approved by the governing body of the MCMUA on dates as advertised in accordance with New Jersey Open Public Meetings Act N.J.S.A 10:4-6

At least ten (10) days before each progress payment falls due (but not more often than once a month), the CONTRACTOR will submit to the Qualified Purchasing Agent or MCMUA (hereinafter referred to as “OWNER”), a partial payment estimate filled out and signed by the CONTRACTOR covering the work performed during the period covered by the partial payment estimate and supported by such data as the OWNER may reasonably require.

The Qualified Purchasing Agent or OWNER will, within ten (10) days after receipt of each

MORRIS COUNTY MUA

Contract Agreement

partial payment estimate, either indicate in writing approval of payment, and present the partial payment estimate to the OWNER, or return the partial payment estimate to the CONTRACTOR indicating in writing the reasons for refusing to approve payment. In the latter case, the CONTRACTOR may make the necessary corrections and resubmit the partial payment estimate.

The OWNER will, within ten (10) days of presentation of an approved partial payment estimate pay the CONTRACTOR a progress payment on the basis of the approved partial payment estimate less the retainage. The retainage shall be an amount equal to 2% of said estimate until completion and acceptance of the work. The 2% retainage may be reduced by change order if completion and acceptance of the work is delayed due to valid circumstances and the work is usable for its intended purpose by the OWNER. If reduction in the retainage is approved the remaining retainage shall be an amount sufficient to complete the work.

The request for payment may also include an allowance for the cost of major materials and equipment which are suitable stored either at or near the site. Payment does not relieve the CONTRACTOR of his responsibility for the safe keeping of this material and equipment.

Prior to completion and acceptance of the work, the OWNER, with approval of the OWNER and with the concurrence of the CONTRACTOR, may use any completed or substantially completed portions of the work. Such use shall not constitute an acceptance of such portions of the work.

The OWNER shall have the right to enter the premises for the purpose of doing work not covered by the contract documents. This provision shall not be construed as relieving the CONTRACTOR of the sole responsibility for the care and protection of the work, or the restoration of any damaged work except such as may be caused by agents or employees of the OWNER.

Upon completion and acceptance of the work, the OWNER shall issue a certificate attached to the final payment request that the work has been accepted under the conditions of the contract documents. The entire balance found to be due to the CONTRACTORS, including the retained percentages, but except such sums as may be lawfully retained by the OWNER, shall be paid to the CONTRACTOR within thirty (30) days of completion and acceptance of the work. The OWNER's certificate of acceptance will be on the document "Consultant's Certification for Acceptance and Final Payment".

The CONTRACTOR will indemnify and save the OWNER or the OWNER's agents harmless from all claims growing out of the lawful demand of Subcontractors, laborers, workmen, mechanics, material, men and furnishers of machinery and parts thereof, equipment, tools and all supplies incurred in the furtherance of the performance of the work. The CONTRACTOR shall, at the OWNER's request furnish satisfactory evidence that all obligations of the nature designated above have been paid, discharged, or waived. If the CONTRACTOR fails to do so the OWNER may, after having notified the CONTRACTOR, either pay unpaid bills or withhold from the CONTRACTOR's unpaid compensation a sum of money deemed reasonably sufficient to pay any and all such lawful claims until satisfactory evidence is furnished that all liabilities

MORRIS COUNTY MUA

Contract Agreement

have been fully discharged whereupon payment to the CONTRACTOR shall be resumed in accordance with the terms of the contract documents, but in no event shall the provisions of this sentence be construed to impose any obligations upon the OWNER to either the CONTRACTOR, the CONTRACTOR's Surety, or any third party. In paying any unpaid bills of the CONTRACTOR, any payment so made by the OWNER shall be considered as a payment made under the contract documents by the OWNER to the CONTRACTOR and the OWNER shall not be liable to the CONTRACTOR for any such payments made in good faith.

- Acceptance of final payments as release

The acceptance by the CONTRACTOR of final payment shall be and shall operate as a release to the OWNER of all claims and all liability to the CONTRACTOR other than claims in stated amounts as may be specifically accepted by the CONTRACTOR for all things done or furnished in connection with this work and for every act and neglect of the OWNER and others relating to or arising out of this work. Any payment, however final or otherwise, shall not release the CONTRACTOR or its sureties from any obligations under the contract documents or the Performance and Payment Bonds.

- Disputes over billing

All disputes over billing and payment cycles shall be resolved as outlined within Section VIII Dispute Resolution of this document.

- **Paving Contracts executed** after May 1, 2010 allow for increases and decreases in asphalt and fuel prices over the course of large construction contracts. The calculation is based upon [2007 NJDOT Specifications – Division 150 Contract Requirements, Section 160.01 through 160.03](#) and is current with the requirements of the Local Public Contracts Law at [N.J.S.A. 40A:11-13](#).

The law requires that **PAVING CONTRACTS** involving more than 1,000 tons of hot mix asphalt include a contract provision that allows for price adjustments in the cost of asphalt. Fuel price adjustments are based on DOT standards for the type of construction equipment and the work done by different equipment. For fuel price adjustments, at least 500 gallons of fuel based on the DOT equipment standards are required for a price adjustment, and then, only in those months when the price fluctuated more than five percent.

DOT maintains a [web site of index rates for asphalt and fuel](#) that are adjusted monthly. The law provides that when the quantity or equipment use thresholds are reached, fuel price adjustments are made, using the change in index rate from the time of bidding to when the work was performed. The change is treated as a "pay item" in construction contracts.

- **Requirements for New Jersey State Comptroller**

Pursuant to N.J.S.A. 52:15C-14(d), relevant records of private vendors or other persons entering into contracts with the County are subject to audit or review by the New Jersey Office of the State Comptroller. Therefore, the CONTRACTOR shall maintain all documentation related to

MORRIS COUNTY MUA

Contract Agreement

products, transactions or services under this contract for a period of five years from the date of final payment. Such records shall be made available to the New Jersey Office of the State Comptroller upon request.

VI. SUBCONTRACTING AND ASSIGNMENT

- Subcontracting:

The CONTRACTOR may not subcontract other than as identified in the CONTRACTOR's proposal without the prior written consent of the MCMUA. Such consent, if granted in part, shall not relieve the CONTRACTOR of any of his/her responsibilities under the contract, nor shall it create privity of contract between the MCMUA and any subcontractor. If the CONTRACTOR uses a subcontractor to fulfill any of its obligations, the CONTRACTOR shall be responsible for the subcontractor's:

(a) Performance;

(b) Compliance with all of the terms and conditions of the contract; and

(c) Compliance with the requirements of all applicable laws.

Assignment: The CONTRACTOR may not assign its responsibilities under the contract, in whole or in part, without the prior written consent of the MCMUA.

- No contractual relationship between subcontractors and the MCMUA.

Nothing contained in any of the contract documents, including the Bid and vendor's bid or proposal shall be construed as creating any contractual relationship between any subcontractor and the MCMUA.

- Mergers and Acquisitions

If, during the term of this contract, the CONTRACTOR shall merge with or be acquired by another firm, the CONTRACTOR shall give written notice to the OWNER as soon as practicable and in no event longer than thirty (30) days after said merger or acquisition.

The CONTRACTOR shall provide such documents as may be requested by the OWNER, which may include but need not be limited to the following: corporate resolutions prepared by the awarded CONTRACTOR and new entity ratifying acceptance of the original contract, terms, conditions and prices; updated information including ownership disclosure and Federal Employer Identification Number. The documents must be submitted within thirty (30) days of the request. Failure to do so may result in termination of the contract for cause.

If, at any time during the term of the contract, the CONTRACTOR's partnership, Limited

MORRIS COUNTY MUA

Contract Agreement

Liability Company, Limited Liability Partnership, Professional Corporation, or Corporation shall dissolve, the OWNER must be so notified. All responsible parties of the dissolved business entity must submit to the OWNER in writing, the names of the parties proposed to perform the contract, and the names of the parties to whom payment should be made. No payment shall be made until all parties to the dissolved business entity submit the required documents to the OWNER.

Where in conflict with other provisions of this document the provisions as contained within this section will supersede other requirements of this Bid.

1. EQUAL EMPLOYMENT OPPORTUNITY (Equal Opportunity Clause) (applicable to contracts and subcontracts above \$10,000)

During the performance of this contract, the CONTRACTOR agrees as follows:

MORRIS COUNTY MUA

Contract Agreement

- A. The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity and national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- B. The CONTRACTOR will, in all solicitations or advertisements for employees placed by or on behalf of the CONTRACTOR, state that all qualified applicants will receive consideration without regard to race, color, religion, sex, sexual orientations, gender identity or national origin.
- C. The CONTRACTOR will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the Contract Compliance Officer advising the said labor union or workers' representatives of the CONTRACTOR's commitment under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- D. The CONTRACTOR will comply with all provisions of Executive Order 11246 of September 24, 1965, as amended, and the rules, regulations, and relevant orders of the Secretary of Labor.
- E. The CONTRACTOR will furnish all information and reports required by Executive Order 11246 of September 24, 1965, as amended, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the Department and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and others.
- F. In the event of the CONTRACTOR's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be cancelled, terminated, or suspended in whole or in part and the CONTRACTOR may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, as amended, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- G. The CONTRACTOR will include the provisions of the sentence immediately preceding paragraph A and the provisions of paragraphs A through G in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, as amended, so that such provisions will be binding upon each subcontractor or vendor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as the Department may direct as a

MORRIS COUNTY MUA

Contract Agreement

means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a CONTRACTOR becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Department, the CONTRACTOR may request the United States to enter into such litigation to protect the interest of the United States.

2. STANDARD FEDERAL EQUAL EMPLOYMENT OPPORTUNITY CONSTRUCTION CONTRACT SPECIFICATIONS (applicable to contracts and subcontracts above \$10,000)

A. As used in these specifications:

- (1) "Covered area" means the geographical area described in the solicitation from which this contract resulted;
- (2) "Director" means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;
- (3) "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941.
- (4) "Minority" includes:
 - (a) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
 - (b) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South America or other Spanish Culture or origin, regardless of race);
 - (c) Asian and Pacific Islander (all persons having origins in any of the original people of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
 - (d) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).
- B. When the CONTRACTOR, or any subcontractor, at anytime, subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract, in excess of \$10,000, the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this contract resulted.
- C. If the CONTRACTOR is participating (pursuant to 41 CFR 60-4.5) in a Home Plan approved by

MORRIS COUNTY MUA

Contract Agreement

the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. CONTRACTORS must be able to demonstrate their participation in compliance with the provisions of any such Home Plan. Each CONTRACTOR or subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other CONTRACTORS or subcontractors toward a goal in an approved Plan does not excuse any covered CONTRACTOR's or subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.

- D. The CONTRACTOR shall implement the specific affirmative action standards provided in paragraphs G(1) through G(16) of these specifications. The goals set forth in the solicitation from which this contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the CONTRACTOR should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered construction CONTRACTORS performing contracts in geographical areas where they do not have a federal or federally-assisted construction contract shall apply the minority and female goals established for the geographic area where the contract is being performed. Goals are published periodically in the Federal Register in notice form and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers. The CONTRACTOR is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.
- E. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the CONTRACTOR has a collective bargaining agreement, to refer either minorities or women shall excuse the CONTRACTOR's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.
- F. In order for the non-working training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the CONTRACTOR during the training period, and the CONTRACTOR must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.
- G. The CONTRACTOR shall take specific affirmative action to ensure equal employment opportunity. The evaluation of the CONTRACTOR's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The CONTRACTOR shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:
 - (1) Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the CONTRACTOR's employees are assigned to work. The

MORRIS COUNTY MUA

Contract Agreement

CONTRACTOR, where possible, will assign two or more women to each construction project. The CONTRACTOR shall specifically ensure that all foremen, superintendents and other on-site supervisory personnel are aware of and carry out the CONTRACTOR's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.

- (2) Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the CONTRACTOR or its unions have employment opportunities available, and maintain a record of the organization's responses.
- (3) Maintain a current file of the names, addresses, and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source, or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the CONTRACTOR by the union or, if referred, not employed by the CONTRACTOR, this shall be documented in the file with the reason therefore, along with whatever additional actions the CONTRACTOR may have taken.
- (4) Provide immediate written notification to the Director when the union or unions with which the CONTRACTOR has a collective bargaining agreement have not referred to the CONTRACTOR a minority person or woman sent by the CONTRACTOR, or when the CONTRACTOR has other information that the union referral process has impeded the CONTRACTOR's efforts to meet its obligations.
- (5) Develop on-the-job training opportunities and/or participate in training programs for the area which expressly includes minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the CONTRACTOR's employment needs, especially those programs funded or approved by the Department of Labor. The CONTRACTOR shall provide notice of these programs to the sources compiled under G(2) above.
- (6) Disseminate the CONTRACTOR's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the CONTRACTOR in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on a bulletin board accessible to all employees at each location where construction work is performed.
- (7) Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination, or other employment decisions including specific review of these items with on-site supervisory personnel such as Superintendents, General Foreman, etc., prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the

MORRIS COUNTY MUA

Contract Agreement

time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

- (8) Disseminate the CONTRACTOR's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the CONTRACTOR's EEO policy with other CONTRACTORS and Subcontractors with whom the CONTRACTOR does or anticipates doing business.
 - (9) Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the CONTRACTOR's recruitment area and employment needs. Not later than one month prior to the date for acceptance of applications for apprenticeship or other training by any recruitment source, the CONTRACTOR shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.
 - (10) Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer, and vacation employment to minority and female youth both on the site and in other areas of a CONTRACTOR's work force.
 - (11) Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.
 - (12) Conduct, at least annually, an inventory and evaluation of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.
 - (13) Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the CONTRACTOR's obligations under these specifications are being carried out.
 - (14) Ensure that all facilities and company activities are non-segregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.
 - (15) Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction CONTRACTORS and suppliers, including circulation of solicitation to minority and female CONTRACTOR associations and other business associations.
 - (16) Conduct a review, at least annually, of all supervisors' adherence to and performance under the CONTRACTOR's EEO policies and affirmative action obligations.
- H. CONTRACTORS are encouraged to participate in voluntary associations which assist in

fulfilling one or more of their affirmative action obligations (G(1) through G(16)). The efforts of a CONTRACTOR association, joint CONTRACTOR-union, CONTRACTOR-community, or other similar group of which the CONTRACTOR is a member and participant, may be asserted as fulfilling any one or more of its obligations under G(1) through G(16) of these specifications provided that the CONTRACTOR actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the CONTRACTOR's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the CONTRACTOR. The obligation shall not be a defense for the CONTRACTOR's non-compliance.

- I. A single goal for minorities and a separate single goal for women has been established. The CONTRACTOR, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the CONTRACTOR may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the CONTRACTOR has achieved its goals for women generally, the CONTRACTOR may be in violation of the Executive Order if a specific minority group of women is underutilized).
- J. The CONTRACTOR shall not use the goals and timetables or affirmative action standards to discriminate against any persons because of race, color, religion, sex, or national origin.
- K. The CONTRACTOR shall not enter into any subcontract with any person or firm debarred from government contracts pursuant to E.O. 11246.
- L. The CONTRACTOR shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause including suspension, termination, and cancellation of existing subcontracts as may be imposed or ordered pursuant to E.O. 11246, as amended.
- M. The CONTRACTOR, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph G of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the CONTRACTOR fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.
- N. The CONTRACTOR shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the government and to keep records. Records shall at least include for each employee, the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number where assigned, social security number, race,

MORRIS COUNTY MUA

sex, status (e.g., mechanic, apprenticeship trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and location at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, CONTRACTORS shall not be required to maintain separate records.

- O. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application or requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

3. NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION (applicable to contracts and subcontract over \$10,000)

- A. The Offeror's or Bidder's attention is called to the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth herein.
- B. The goals and timetables for minority and female participation, expressed in percentage terms for the CONTRACTOR's aggregate workforce in each trade on all construction work in the covered area, are as follows:

- Goals for minority participation: (see table below per N.J.A.C 17:27-7.2)
- Goals for female participation: 6.9%

These goals are applicable to all the CONTRACTOR's construction work (whether or not it is federal or federally assisted) performed in the covered area. If the CONTRACTOR performs construction work in a geographic area located outside of the covered area, it shall apply the goals established for such geographic area where the work is actually performed.

With regard to this second area, the CONTRACTOR also is subject to the goals for both its federally involved and non-federally involved construction. The CONTRACTOR's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR 60-4.3 (a) and its efforts to meet the goals established for the geographical area where the contract resulting from this solicitation is to be performed. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the CONTRACTOR shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from CONTRACTOR to CONTRACTOR or from project to project for the sole purpose of meeting the CONTRACTOR's goals shall be a violation of the contract, the Executive Order, and the regulations in 41 CFR Part 60-4. Compliance with

the goals will be measured against the total work hours performed.

In addition to the foregoing requirements, all nonexempt CONTRACTORS and subcontractors shall furnish to the OWNER, the following:

C. Danger Signals and Safety Devices (Modify as Required)

The CONTRACTOR shall make all necessary precautions to guard against damages to property and injury to persons. He shall put up and maintain in good condition, sufficient red or warning lights at night, suitable barricades and other devices necessary to protect the public. In case the CONTRACTOR fails or neglects to take such precautions, the OWNER may have such lights and barricades installed and charge the cost of this work to the CONTRACTOR. Such action by the OWNER does not relieve the CONTRACTOR of any liability incurred under these specifications or contract.

It is mutually agreed and understood, that without exception the contract prices shall include all royalties or costs arising from the use of such design, device or materials, in any way involved in the work. The CONTRACTOR and/or his Sureties shall indemnify and save harmless the OWNER of the project from any and all claims for infringement by reason of the use of such patented or copy-righted design, device or materials or any trademark or copy-right in connection with work agreed to be performed under this contract, and shall indemnify the OWNER for any cost, expense, or damage which it may be obliged to pay by reason of such infringement at any time during the prosecution of the work or after completion of the work.

In such event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports prepared by the CONTRACTOR under this contract shall, at the option of the OWNER, become the OWNER's property and the CONTRACTOR shall be entitled to receive just and equitable compensation for any work satisfactorily completed hereunder. Notwithstanding the above, the

CONTRACTOR shall not be relieved of liability to the OWNER for damages sustained by the OWNER by virtue of any breach of the contract by the CONTRACTOR, and the OWNER may withhold any payments to the CONTRACTOR for the purpose of set-off until such time as the exact amount of damages due the OWNER from the CONTRACTOR is determined.

22. TERMINATION FOR CONVENIENCE

The OWNER may terminate this contract at any time by giving at least ten (10) days' notice in writing to the CONTRACTOR. If the contract is terminated by the OWNER as provided herein, the CONTRACTOR will be paid for the time provided and expenses incurred up to the termination date.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number

MORRIS COUNTY MUA

W-9

(ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Visit www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer.
