MORRIS COUNTY MUA

Price Proposal Table

Project Scope:

This project includes the installation of approximately 690 LF of proposed ductile iron water mains along Howard Boulevard approximately from Stierli Court to the entrance of 172 Howard Boulevard in Mount Arlington Borough.

The scope of work includes various improvements of water mains through the construction of new 8-inch Ductile Iron Pipe Class 52 Potable Water Mains along with fittings, service connections and components. This new water main system shall connect to the existing Morris County Municipal Utilities Authority (MCMUA) infrastructure within Mount Arlington Borough. As part of the project, the Contractor must perform a tie-in connection to the existing 8-inch DI pipe utilizing the necessary adaptors to make the watertight connection. The bidders shall provide all material and labor necessary to perform the installation and testing as per the construction documents and specifications. Site work scope includes various traffic control devices, soil erosion and sediment control measures, excavation, restoration of asphalt pavement, various driveway restorations, curb restoration, and landscape restorations. The Contract will allow 100 calendar days for completion of the work from the notice to proceed. In accordance with the above understandings and agreements, Bidder will complete the Work for the following sums:

COMPANY NAME: Crossroads Paving						

- Unit Prices shall be written in words and figures. Ditto marks are not considered writing or printing and shall not be used. If the amount shown in words and its equivalent in figures do not agree, a determination of intent will be made based on the following.
 - If the Extended total is the correct product of Unit Price in figures and quantity, then Unit Price in figures shall prevail.
 - If the Extended total is the correct product of Unit Price in words and quantity, then the Unit Price in words shall prevail.
 - If the Extended total is the incorrect calculation using either Unit Price in words or Unit Price in figures, then the Unit Price in words shall prevail and the Extended total shall be adjusted accordingly.
 - In the case of the correction of the apparent low bid, the bidder will be contacted and given the option to either accept the correction or withdraw their bid.
- The Total Contract Price shall be the correct sum of the correctly extended unit price multiplied by the quantity provided.
- The lump sum price bid for Mobilization is not to exceed requirements outlined in Section 017113, Mobilization. In case of exceedance, the maximum amount for mobilization, for the submitted bid range, will govern and the Total Contract Price will be adjusted accordingly.
- If awarded a contract, the Bidder agrees to comply with NJSA 10:5-31 et seq. and NJAC 17:27.
- It is the intention of the Owner to award the complete project to the lowest responsible bidder inclusive of Base Bid items.
- Bids must provide pricing for all base bid items. Bids that do not provide pricing for base bid will be rejected.
