MAIL OR FAX COMPLETED REPORT TO: (Add your municipality, title, address, telephone, fax #, email.)

Important Note

Each year, as required by (Municipal Recycling Ordinance #) and the New Jersey Department of Environmental Protection (NJDEP) Recycling Regulations, NJAC 7:26A-10.3 (2009), all businesses and institutions, including multifamily housing owners or their agents, must report the weight in tons of materials collected for recycling from their premises. (Municipality) is required by law to file an annual report that documents that tonnage with the NJDEP. To file this report, information is needed from all of the commercial and institutional establishments in town. This report also verifies that you are recycling and maintaining records of your recycling efforts as required by municipal ordinance (**ordinance #**).

Instructions for Completion of (year) Recycling Tonnage Report

Section 1

Please type or print the name of your business or institution, its address and all contact information. Let us know what type of business or institution you are; for example, school, office, factory, restaurant, etc. **ONLY report tonnage for materials recycled from January 1, (year) through December 31, (year).**

Section 2

The list of materials, ID # 1 to # 30, includes mandated recyclables, as well as commonly recycled materials. Print the weight in tons of that material and the name of your recycling hauler or end market.

- If you do not know the weight in tons, you may list pounds, cubic yards, gallons, square yards for rugs, number of units for lead-acid batteries, tires, electronics, fluorescent lights. Be sure to print the unit of weight/measurement next to each item; for example, 7.5 tons, 25 gallons, 2 units.
- If your recycling hauler reports the tonnage to (Municipality) on your company's behalf, please leave the "Tons" column blank.

To complete the "Company providing recycling services" column:

- List name of hauler or end market. If that company reports the tonnage numbers on your company's behalf, please indicate that. We will cross-check your report with the information that the recycling company provides.
- If your landlord or a property management company is responsible for your recycling, list the appropriate name and phone number. We will contact them for the tonnage numbers.
- If you take your recyclables directly to the (Municipal) recycling depot, print "recycling depot" across from each of those materials. You do not have to fill in the tonnage weight information for those materials.
- Use a separate sheet of paper for multiple vendors.
